Why choose RiskSTOP SURVEY?

Sometimes homes need to be surveyed too. High value homes, particularly those that are listed or of unusual construction, can be high-exposure risks.

At RiskSTOP, we understand that homes are not the same as commercial properties. Surveying someone’s home is different. It takes a specialist. Someone with the right knowledge, experience and approach.

As well as helping to reduce exposure to fire, crime, weather, liability and other risks, our home surveyors have the know-how to accurately assess sums insured.

At RiskSTOP our surveyors aren’t just good, **they’re the best**. And we deliver their expertise **exactly how you want it**:

- One-off special cases ✓
- Portfolios of properties ✓
- Pre-cover, pre-quote, post loss and periodic surveys ✓
- UK wide and overseas ✓
- Mindful of relationships ✓
- Quality assured ✓
- Total flexibility to suit your needs ✓
